**Safety and

The name Batavia on a package is like a seal on a deed or a bank certificate on a check. It is the public's guarantee of value. Every can of Batavia Pure Fruit or Vegetables canned is carefully tested before being labeled. Every piece was sound, correctly. Ripe, sweet, juicy of full flavor and canned as quickly as taken from the tree, or vine, or bush, or stock, or the ground, as human ingenuity would allow; thus all the deliciousness of the fresh green fields or trees is preserved. Considering all the care and excellence, the prices are remarkably low. Don't take any substitute, refuse the "just as good kind" and buy the best by calling for Batavia.

MILITIA IN CONTROL.

State Troops Take Charge of a Kentucky Town.

THREATS ARE MADE.

Both of the Warring Factions Want to Be Let Alone to Settle Their Troubles — Three Arrests Made by the Soldiers.

Corbin, Ky., Jan. 18.—State militia under the command of Colonel R. D. Williams are disciplining riotous citizens on account of whose conduct three persons were killed and three fatally wounded by bullets and explosions of dynamite on Wednesday.

Colonel Williams ordered the arrest of three of the Shotwell boys, sons of James Shotwell, who was killed by Raleigh White, Wednesday and they have been sent to Williamsburg, where they will be held to appear before the grand jury on the charge of intimidating.

The men with friends after the killing of James Shotwell, paraded the streets and fired numerous volleys at the store where the officers had White under guard. They also attacked Sheriff Sutton while that official was taking White to Williamsburg Thursday.

There was great excitement when the Shotwell boys were put on the train this morning and indignation was expressed in many instances against the troops and open threats made. At Williamsburg a strong guard was placed over White and a detachment of militia will guard him there, while the remainder of the troops remain at Corbin to prevent further clash.

The bodies of Miss Susan Cox, Sutton Paris and James Shotwell were buried at the town graveyard today.

Colonel Williams' guards parade the streets and are enforcing law and order with bayonets. Several clashes between citizens, friends of the feudists, have been narrowly averted. Both factions want the troops withdrawn and the feud fought by the principals to a final settlement. Armed men are marching the streets and surreptitiously leaving here. It is believed all are intent on joining one of the factions at some rendezvous.

SIGNED AND SEALED.

Pekin Agreement Signed by the Chinese Plenipotentiaries at the Capital.

Washington, Jan. 18.—A message has been received from Minister Conger at Peking stating that the Chinese plenipotentiary had signed and delivered the protocol. This removes the last doubt that had arisen as to the sealing of the agreement, for it would not be accepted by the Spanish minister, who is dean of the corps, unless it bore all the seals and signatures necessary to give it full force.

Two Victories Over Boers.

London, Jan. 18.—Kitchener, telegraphing from Pretoria, says Colonel Gray with New Zealanders and bushmen vigorously attacked the enemy eight miles west of Ventersburg, completely routing 800 Boers.

Kitchener also reported that Colville's mobile column was attacked north of Standerton on Jan. 17 by a concentration of the enemy who were driven off with severe loss. British casualties 15 wounded and 1 killed.

Kruger Not Coming.

Brussels, Jan. 18.—Frickie Eloff, Kruger's grandson, is here from The Hague. He says Kruger has no intention of going to America at present, although pressed with invitations. He might possibly go later if he considered the interests of the Transvaal demanded him there.

El Paso Midwinter Carnival.

El Paso, Tex., Jan. 18.—The coronation of Miss Claire Kelly as queen of the El Paso midwinter carnival was one of the most imposing incidents of the southwestern border. Governor Miguel Ahumada of Chihuahua was chosen to place the crown upon the head of the American girl. The ceremonial was witnessed by 5000 persons. The governor was created first knight of the kingdom and presented with a jeweled badge as a souvenir. As a compliment to the queen, who is a Colorado girl, the governor entertained her and her court as his guest at the bull fight at Juarez, Mex.

Mrs. Nation Discharged.

Wichita, Kas., Jan. 18.—The county attorney has dismissed the charge against Mrs. Carrie Nation of destroying saloon furniture. He says: "The mind of defendant is much impaired and she labors under the delusion to such an extent as to be irresponsible. Further confinement in jail will not improve her condition of mind."

Deportment Having Good Effect.

Hong Kong, Jan. 18.—The adoption by General MacArthur of Consul Wildman's plan to deport the insurgent leaders to Guam has had a marked effect.

The activity of the insurgents has been reduced, the Hong Kong junta has been broken up, and the people in the Philippines are being freed from the domination of the native army.

Death Sentence Commuted.

Ottawa, Jan. 18.—An order in council has been passed commuting death sentence passed on James Slorah of Dawson, Yukon, to imprisonment for life. Slorah, who was a bartender, shot and killed his wife, Pearl Mitchell. He was sentenced to be hanged March 1.

TRAPPED BY OFFICERS.

A Counterfeiter and Green Goods Man Placed Under Arrest.

Philadelphia, Jan. 18.—United States postal inspectors have arrested at Allentown, Pa., G. Barnett, alias Evans, charged with using the mails in a scheme to defraud and of counterfeiting, and who is believed by the government officers to be a member of a gang of counterfeiters and green goods men, whose headquarters are in New York City, and from whom scores of circulars have been sent throughout the country inviting farmers and others to come into the scheme. He was brought to this city and held in \$5000 bail by United States Commissioner Craig for further hearing.

The only witness examined at the commissioner's hearing was Postoffice Inspector Duryea, who said that some time previous to Jan. 9 a letter was mailed to Lawrence Wheeler of Hazleton, Ind., a postoffice clerk, inviting him to buy \$3000 worth of green goods by paying down \$1000. The letter was unsigned, but contained the direction, "If you care to engage in this business, send a telegram, of which the following is a copy: 'E. Maynard, Allentown, Pa.—Send Neal electric belt No. 122.'"

Wheeler immediately reported the matter to the postal inspectors, and a trap was laid to catch the sender of the letter. Wheeler sent the telegram and soon received another letter from New York which asked him to go to Allentown to receive the goods from a man whom he should know by the password "Dayton." The letter was signed in a stamp "Robert H. Evans," and enclosed a new \$1 bill, presumably as a sample of the notes furnished by the concern. The bill, however, was genuine. Inspector Duryea went to Allentown and represented himself as Wheeler and soon had Barnett in custody.

DIAMONDS SEIZED.

They Were Taken from a Man's Body and Held for Duty.

New York, Jan. 18.—United States Marshal Alcott of the New Jersey district has seized in this city \$17,600 worth of diamonds which were brought into this country by Antonio Ansenias without paying duty on them. The goods were found on Ansenias' person by United States custom officials as Ansenias was leaving a steamer of the Hamburg-American line at Hoboken. He was not arrested, but the diamonds will be held pending a decision by the treasury department as to whether he is guilty of smuggling.

His defense is that he is a Cuban merchant and that he is merely passing through this country on his way to Cuba. The diamonds were concealed in pockets of a large belt which Ansenias had around his body, and were accidentally discovered by a custom inspector who happened to place his hand on Ansenias' back as the latter was leaning over a trunk. There are 126 separate articles of an appraised valuation of \$11,000, which with 60 per cent duty added would make them worth \$17,600.

NICARAGUAN TREATY.

Special Cabinet Meeting Called to Discuss the Senate's Amendment.

London, Jan. 18.—A special cabinet has been called to discuss the Nicaragua canal matter. Mr. Choate has notified Washington that he expects a decision and speculation is rife as to what will occur. It is almost the unanimous opinion that the government will be bound to give way to American demands but not without some diplomatic dodging in order to conceal a too apparent surrender. No formal announcement is expected immediately. Cabinet councils are held in great secrecy with no one but ministers present and all are sworn to secrecy. Ambassador Choate is working with some secrecy. Even Secretary White, first secretary of Embassy, is excluded from the ambassador's confidence in the smallest details. Lord Lansdowne is reported to be willing to approve the amendments and sign the treaty. Objections, if any, will come from Chamberlain.

Steel Rails May Go Up.

New York, Jan. 18.—Representatives of several of the leading steel rail manufacturing companies were in this city Thursday and it was understood that a conference was held in regard to prices. There had been talk that the price would be advanced to \$28 or possibly \$30. The present price is \$26. It was learned that no change in prices was made and there are indications that no advance is likely to be made for some time.

Queen Victoria Not Ill.

London, Jan. 18.—The alarming rumors that were circulated that Queen Victoria was seriously ill and that her family had been summoned to Osborne are groundless. Inquiries of Associated Press at Osborne elicited a flat denial of the reports. The Prince of Wales, now at Marlborough House, has received news indicating her majesty not enjoying usual health.

President Takes a Drive.

Washington, Jan. 18.—The president is much better. He took a drive behind his new team. Before doing so he went to his office and signed some mail. He will not begin to receive visitors until next week.

Four Pairs of Twins.

Mount Vernon, Ill., Jan. 18.—A fourth pair of twin boys were born to Mr. and Mrs. Sherman McKinnis in Farmington township last Sunday morning. All the children are living, and are under 8 years of age.

governor, two years hence.

Thousands of dollars have been
spent in Bryan during the past

be expended during the coming
year.

With characteristic alertness for
the material interests of the state,
the Galveston News is publishing
reports from various towns over
the state showing their plans for
improvement. Building is the sen-
timent everywhere. The state is
taking on a larger growth, and the
liberal sentiment of industrial im-
provement is manifest in almost
every locality. The factory move-
ment is widespread and the indi-
cations are that the present year
will be remarkable for its achieve-
ments. The News is doing a great
work for the state in encourage-
ment and stimulus afforded by the
publication of the reports.

It is learned from the annual re-
port of the department of agricul-
ture that the department has pur-
chased and delivered to congress-
men for electioneering purposes
13,531,469 packages of seed, val-
ued at \$676,573. These seeds may
be sent to constituents or sold to
dealers. There are about forty
representatives of city districts
who have no use for them.

BOLL MEEVIL IN WINTER. Cotton Stalks Crowded With them— Burn the Stalks.

Today George S. Wood exhib-
ited to the Examiner reporter the
genuine Mexican Boll Weevil in
the winter retreat; and if there is
any stronger plea for prompt and
vigorous action for protection
against the pest it is hard to con-
ceive.

This exhibition was two short
bits of cotton stalks, picked up in-
discriminately in his field by Bob
Meachum, a colored man living
near Plantersville.

One piece was not quite nine
inches long, and plainly showed
the domiciles of five weevils. And
Mr. Weevils showed no effects of
cold weather. They were sleek,
fat and healthy; not asleep or in a
comatose condition, but as spry
and chipper as a cricket in the
twilight of a July evening.

What seems to be a rational
treatment for the pest in this stage
is a thorough gathering and burn-
ing of the old stalks before the
new crop is planted.—Navaasota
Examiner.

Mr. Horace J. Henry and Miss

this city Wednesday at 4:30 p. m.,
by Rev. A. M. Stewart, at the home
of the minister. Both the young peo-
ple were raised in Brazos county
and have many well wishing friends.
The groom is a son of Mr. Alex
Henry, deceased, and the bride is a
daughter of Mr. and Mrs. James
Henry. They will make their home
in Bryan. The Eagle extends con-
gratulations.

HONOR FOR QUAY.

Demonstration in the Senate Over His
Return by Pennsylvania.

Washington, Jan. 18.—As a demon-
stration in honor of the seating of a
single senator and as an elaborate and
beautiful floral spectacle, the return of
Hon. Matthew S. Quay of Pennsylvania
to the senate yesterday, was unique in
the history of the body. Within the
memory of the oldest senators, nothing
approximating the scene ever was wit-
nessed in the senate on a similar occa-
sion.

The demonstration given Mr. Quay
when he entered the chamber amounted
to an ovation. While he was receiving
the congratulations of friends on the
floor the hundreds of persons who
thronged the galleries rose as one and
applauded him tumultuously.

During the session the army reorgan-
ization bill was discussed at length by
Mr. Money of Mississippi, Mr. McComas
of Maryland and Mr. Bate of Tennes-
see. The Mississippi senator devoted
some attention to the practice of hazing
at West Point, which he bitterly de-
nounced.

The House.

Washington, Jan. 18.—The house
spent Thursday upon the bill to revise
and codify the postal laws, which is to
be the continuing order, not, however,
to interfere with appropriation bills or
conference reports until disposed of.
Some disposition was manifested to
inject into the measure some amendments
to the present law in the interest of
certain classes of mail employees, but
such attempts were successfully re-
sisted.

War Tax Cut in Two.

Washington, Jan. 18.—The senate
committee on finance has decided to
reduce to the extent of one-half the tax
on proprietary medicines, perfumes, etc.,
in the war revenue bill. This does not
include chewing gum, the tax on
which probably will be retained at the
full rate.

The house took the tax entirely off
all these articles. The present efforts
of the committee is to secure a unani-
mous report, and the membership hope
to be able to make a report early next
week.

Apportionment Bill Signed.

Washington, Jan. 18.—The president
has signed the bill making the ap-
portionment of representatives in congress
from the several states, under the
twelfth census.

This bill gives Texas an increase of
three congressmen and provides for
their election at large until the legis-
lature redistricts the state.

To Expel for Hazing.

Washington, Jan. 18.—The senate
committee on military affairs has acted
on the question of hazing at West Point
military academy, and there was a
unanimous opinion in reprobation of the
practice and that those guilty of it
should be summarily dealt with. The
question came up in connection with
the military academy bill and it was
decided to incorporate the following
provision in that bill as an amendment:
"Under the direction of the secretary
of war the superintendent of the United
States Military academy shall make and
enforce such rules and regulations as
will prevent the practice of hazing and
cadet found guilty of participating in
such practice shall be expelled from the
academy and shall not be reappointed
to the corps of cadets therein nor to the
United States army."

No Choice in Nebraska.

Lincoln, Jan. 18.—The legislature
voted for two United States senators on
Thursday without result.

Cullom a Walkover.

Springfield, Ill., Jan. 18.—The con-
test among the Illinois Republican can-
didates for the United States senate
came to an unexpected close by the an-
nouncement that ex-Governor Tanner
and Messrs. Cannon, Hitt and Prince,
had withdrawn from the race, leaving
present United States Senator Cullom a
walkover.

THE MAN A WOMAN.

Strange Coincidence Revealed by the
Death of a Resident of New York.

New York, Jan. 18.—The death of
Murray Hall, proprietor of an employ-
ment agency on Sixth avenue, has pro-
duced a sensation here. Hall died from
cancer of the left breast and when Dr.
W. C. Gallagher made an examination
he found the victim to be a woman.

Dr. Gallagher learned from other
occupants of the house where "Mr.
Hall" lived that "Mr. Hall's" wife died
two years ago after a married life of 20
years. Many who had known Hall for
years never suspected that she was not
a man.

Coroner Succa said the dead Murray
Hall was a woman about 42 years of
age and had dressed as a man in order
to help the business along.

Neighbors declared that "Mr. Hall"
had been married twice. His second
"wife" who died two years ago, was
known and well liked.

Alta Rockefeller Married.

New York, Jan. 17.—Miss Alta Rocke-
feller, daughter of John D. Rockefeller,
was married Thursday afternoon at the
residence of her parents in this city to
E. Parmlee Prentice, a young lawyer of
Chicago. The wedding was very quiet-
ly celebrated.

Old Louisiana Citizen Dead.

New Orleans, Jan. 18.—Adolph Bar-
rosse died here Thursday aged 94 years.
He was born in San Domingo, but
came here when an infant and was a
veteran of both the Mexican and civil
wars. He has held many political posi-
tions and leaves 10 children and 45
grand and great grand children.

BREVITIES

PERSONALITIES.

Sir William Huggins, the new presi-
dent of the Royal Society of England,
is a Londoner by birth and is 76 years
old.

George H. Phillips, the young "corn
king" of Chicago, is getting many let-
ters from women offering to marry
him at sight.

Lord Curzon, the viceroy of India, is
not only a graduate of Balliol college,
Oxford, but is also a D. L. and a fel-
low of the Royal society.

Dr. Nansen, the explorer, although
perfectly easy on the lecture platform,
is generally extremely shy and diffi-
dent in general society and talks but
little.

Representative Littlefield of Maine
brought along with him to Washington
the other day two big deer, souvenirs
of his prowess as a hunter in the
Maine woods.

Andreas and Anton Lang visited the
pope in Rome a short time ago in their
Oberammergau costumes. The pope re-
ceived them kindly and would not al-
low the impersonator of Christ to kneel
before him.

An album once belonging to General
von Moltke and now preserved at Krei-
sau contains, among other autographs,
a five line poem by King Ludwig II of
Bavaria, in which Von Moltke is styled
"Germany's greatest hero."

The Boer general, De Wet, said re-
cently that he respected Cecil Rhodes
very much. "He tried his best to
patch up matters," said De Wet, "and
then when the break came he natu-
rally sided with his own country. I
should have despised him if he had
not."

The late Senator Davis, after 30
years' experience as a public speaker,
was unable to dispel the nervousness
which beset him whenever on the point
of making a speech. After the first
sentence he was perfectly himself, but
up to that time he always suffered bad-
ly from stage fright.

A. J. Drexel Biddle of Philadelphia,
who last winter was elected a fellow of
the Royal Geographical society in Lon-
don, has received an invitation from
the president and secretary of the Royal
Meteorological Society of Great
Britain to become a fellow of that fa-
mous organization also.

Sir Theodore Martin has withdrawn
his offer of a monument to his wife at
the church at Stratford-on-Avon. Sid-
ney Lee, in a letter to the London
Times, showed that even the merits of
Helen Faucit could not justify the erec-
tion of a memorial that would over-
shadow Shakespeare's tomb.

Apparently it is John D. Rockefel-
er's intention to surround his beautiful
home in Westchester county, N. Y.,
with one of the most beautiful parks
in the east. So far he has purchased
\$5,000 worth of land there and next
spring will spend \$250,000 in landscape
gardening and constructing an artifi-
cial lake in famous Sleepy Hollow.

THE GLASS OF FASHION.

Silk tassels and gold tassels as well
are used by way of variety in place of
drop buttons.

Scarlet and gold in combination gives
a military touch to many a costume
this season, but it is almost exclusiv-
ly reserved for young women.

One feature in the detail of the bodice
is a lacing of gold or silk cord across
the shoulder seam, each point tacked
down with a tiny gold button.

High Louis XIV heels are the cor-
rect thing for dressy shoes, and colored
suede slippers which match the gown
are one of the fads in footgear.

The new muffs are large and varied in
style between the soft round muff of
fur, with tails across one side, and the
dainty little novelty of velvet, fur and
chiffon.

Handsome buckles in all sizes and
kinds are very much used for belts, for
fastening ends and straps of velvet
and for the center of rosettes and but-
terfly bows.

Small hats made entirely of the
breast feathers of different birds are
one of the fads in millinery and are
trimmed with a bunch of flowers on a
rosette of velvet or mousseline.

Tiny pink roses are worn as a coif-
ure decoration in the evening arrang-
ed in a close wreath around the knot,
which is dressed high on the head and
fastened with a small black velvet
bow. Alsatian bows of black tulle are
another decoration very becoming to
some women.—New York Sun.

The average weight of a man is 140
pounds 6 ounces, or about 15 men to
the ton.

Chinese mandarins carry their own
chopsticks to a feast, wipe them care-
fully at the close of the feast and carry

In the new British parliament 55
members are directors of British rail-
ways and 11 are directors of colonial
or foreign railways, while half a dozen

A new cigarette factory was formally
opened in the City of Mexico. Presi-
dent Diaz attended, with a great throng
of distinguished guests. The police

pany of infantry paraded.

The 4 cent stamp in the new series to
be issued and sold next year in com-
memoration of the Pan-American ex-
position at Buffalo will have as its cen-
tral picture a motor vehicle, represent-
ing the latest form of transportation.

Happy old age

Many women who have enjoyed good
health all their life begin to fade when they
reach the age of forty-four. They grow
nervous and irritable and suffer with sick-
headaches. Their livers are torpid, their
digestion is impaired and their bowels are
irregular. They are experiencing the
"change of life." And it is not strange that
thirty years operation should disturb the
system and tax the strongest constitution.
This trying period has no terror for a
woman who uses Wine of Cardui. It builds
up her strength and prepares her for the
 ordeal. When the change of life is not
safely passed, a woman quickly becomes an
invalid. Slumbering disease germs are
given increased activity and they appear in
aggravated form. If you take Wine of
Cardui regularly when approaching the
change of life you will be assured better
health than you have ever enjoyed before.
A happy old age and restful calm will be
your reward. Mrs. Campbell was cured
after suffering three years with "change
of life." Theford's Black-Draught, the
companion medicine of Wine of Cardui,
assimilates with it perfectly, curing
digestive liver and kidney affections,
and throwing impurities and disease
germs out of the system. Both working
together make a well and happy woman.

I have recommended your Wine of

not get anything that would do me any good until I tried your medicines. I give
thanks to Wine of Cardui and you, for it relieved me. Mrs. P. H. CAMPBELL.

REV. GEORGE STEWART

To be invited by the Pastors of Bryan to Preach Here.

A meeting was held Thursday afternoon in the study of Dr. F. M. Law, by the pastors of the city to consider the advisability of the churches holding a co-operative evangelistic meeting in the spring. Pastor J. W. West was called to the chair and A. M. Stewart to act as secretary. After discussing the usual questions connected with a revival meeting of this kind, it was unanimously agreed to invite the evangelist, Rev. Geo. Stewart to Bryan to hold a meeting to begin the 14th of April. The following laymen were named to act with the pastors as a ways and means committee: M. D. Cole, L. L. McInnis, J. L. Edge, Dr. J. W. Howell and J. A. Myers. It being ascertained at once that all these would serve, the meeting was adjourned to meet them in committee in the business office of M. D. Cole next Thursday afternoon at 2 o'clock.

It is sincerely hoped that all who have the moral and spiritual welfare of the community at heart give this movement their sympathy and substantial support. Projected on a broad and liberal plan, and having in view the good of the entire community and inestimable and eternal benefit to individuals, the movement commends itself to the approbation and support of all. A. M. Stewart, Secretary.

Card of Thanks.

In behalf of the family and myself, I desire to sincerely thank our friends in Bryan for the kindness shown to my father and to us, during his last illness. Their kind attention will ever be remembered by us with thankfulness and appreciation. Sallie M. Eddleman. Bryan, Texas, January 15, 1901.

Announcement appears elsewhere of a meeting of the pastors of Bryan to arrange for a co-operative evangelistic meeting. The result of the conference is a practical movement to bring about such a meeting, to begin the 18th of April, and to get the Rev. George Stewart here. If the sentiment of the churches is as favorable as indications point to at present, there is no doubt that a good meeting will be held that will do much good. The Eagle invites attention to the announcement elsewhere.

OPPOSE THE GROUT BILL.

National Live Stock Association Attack the Measure.

Salt Lake City, Jan. 18.—The National Live Stock association convention yesterday made a vigorous attack upon the Grout oleomargarine bill and wound up with a resolution against its passage.

A number of resolutions from the executive committee were read and acted upon. The first was a request to congress to make the present livestock census permanent.

A resolution was adopted empowering the president to appoint a special committee to oppose any legislation looking to the removal of the tariff on wool and hides.

A resolution was passed in the form of a petition to the president of the senate asking that body to pass the Cullom amendment to the interstate commerce bill for the purpose of giving the commission power over its own orders and decrees.

A resolution was passed urging upon congress the necessity of building the Nicaragua canal.

The work of the National Irrigation association was heartily endorsed and the co-operation of the National Live Stock association to secure legislation in the interest of irrigation was pledged.

It was voted to admit to the association delegates from Canada and Mexico upon payment of proper fees.

A resolution was adopted pledging the association to continue the fight for the extension of the transit limit from 28 to 48 hours in winter, to 33 hours in summer.

The question of sheep grazing on forest reserves was brought up in a resolution which expressed the sense of the convention that the foreign reserves should be thrown open for grazing of sheep, cattle and horses, under a careful restriction and safeguards as would prevent any injury to forests.

It was proposed to raise a fund of \$10,000 to fight the Grout bill. Subscriptions were opened and \$8600 subscribed. Pledges were made sufficient to make the amount good.

The association elected the following officers: President, J. W. Springer of Colorado; first vice president, J. M. Holt of Montana; second vice president, P. J. Hagenbat of Idaho; secretary, C. F. Martin of Colorado; assistant secretary, F. P. Johnson of Colorado; treasurer, G. F. Gouling of Colorado.

Chicago Next Meeting Place.

Salt Lake City, Jan. 18.—Chicago has been chosen as the next meeting place for the National Live Stock association convention.

American Cattle Growers' Association.

Salt Lake City, Jan. 18.—The American Cattle Growers' association has been organized by representatives of 15 trans-Mississippi states. The association is designed to fill the same field with reference to cattle industry that is occupied by the National Wool Growers' association to the sheep industry. It is claimed the men present at the meeting represented a capital running into the hundreds of millions. The temporary officers are all of Colorado. Another meeting will be held at Denver some time in March.

PHILIPPINE GOVERNMENT.

Public Discussion of the General Code Now on at Manila.

Manila, Jan. 18.—Public discussion of the general code of the government for municipalities has begun. Commissioner Dean C. Worcester outlined the bill and explained the charges from the general orders of military government under which many local governments were operating. Commissioner Worcester offered two amendments disqualifying from voting and holding office men who violate the oath of office of American allegiance or who remain in armed opposition after February. The commissioner elucidated the taxation features referring to benefits, taxing lands and buildings, as against the present special taxes on occupations and industries. One-fourth of one per cent of the proceeds of real estate assessments to be voted to public schools.

Municipal councils are authorized to license theaters, places for liquor selling, public conveyances, hotels and cock fighting, or prohibit cock fighting for the first year until tax collections are available. Half of the internal revenue of each municipality to be paid into municipal treasuries.

Commissioner Worcester did not enlarge on section confining exemption of church property to properties used exclusively for religious, charitable or educational purposes. This much discussed feature received the approval of the administration at Washington previous to the making public of the bill. The bill centralizes considerable responsibility in the provincial governments for the establishment of which another bill is being prepared. Public discussion which is taking place in municipal hall, is proceeding by sections, natives participating.

It is rumored that Aguinaldo visited his mother in Cavite province and narrowly escaped capture during a recent round-up of one of the villages in Cavite.

BAILEY IS VINDICATED

The Charges Made by Representative
McFall Not Sustained.

NO CASE MADE OUT.

The Investigation Revealed No Trans-
action Detrimental to Mr. Bailey
or Other State Officials.
Trust Charge Next.

Austin, Jan. 18.—The committee appointed by house of representatives to investigate the readmission of the Waters-Pierce Oil company and the connection of Hon. Joseph W. Bailey and other state officers therewith, decided by unanimous vote to report to the house that they had been unable to find anything that reflected upon either Mr. Bailey, Attorney General Smith or any other state official in connection with the matter.

Mr. Bailey when put on the stand to testify in his own behalf went over the whole ground concerning his connection with the Waters-Pierce Oil matter and the purchase of the Gibbs ranch. He submitted a detailed statement of the

JOSEPH W. BAILEY.

financial management he had made in handling the property. His statement was clean-cut and incisive. He declared that he would help run trusts or illegitimate corporations out of the state, but he would not suffer a legitimate trading corporation to be run out by demagogues if he could help it.

The matter of the Southern Pacific compromise having been brought into the case, Mr. Bailey took occasion to say that if the compromise resulted in the company obeying the law a service had been rendered the state by such compromise.

Attorney General Smith made a statement which comprehensively covered the facts in the Waters-Pierce Oil company transaction in line with the statement which he made before the Bar association at Galveston last summer.

The committee then decided that the charges against Mr. Bailey were not sustained.

The committee will now investigate the charges that the oil company is a trust.

Austin, Jan. 18.—It is reported that a few members of the legislature who are opposed to Hon. J. W. Bailey for United States senator have been urging Hon. A. W. INDIANS WARLIKE.

Some Radical Creeks Whipping Good
Indians in That Nation.

Eufaula, I. T., Jan. 18.—Deputy Marshal Grant Johnson has brought news that disaffected Creek Indians, known as the "Snake band," are up in arms and riding the country with Winchester in hand, whipping and maltreating peaceful Indians. Mr. Johnson ran across a band of 50, headed by John Creek, near Proctor. They were armed to the teeth and arresting some Creeks of this part of the country, whom they took to Hickory Ground, their headquarters, and whipped. These people, it is said on good authority, killed one man who resisted arrest.

The deputy marshal says the country west of here is in an uproar and that several bands of disaffected Indians, numbering about 50 each, are out and claiming to be legally constituted authority in the nation. They have elected an independent chief, council and other officers and peaceable people have applied to the United States authorities for protection. These Indians, all full bloods, are ignorant and stubborn. They are of the anti-treaty party and say they will make no treaty and not allow any Creek council to ratify one.

Soldiers will be necessary to put them down and there is a widespread alarm here as to what they will do next.
